Dear parent/carer/guardian,

Golden Square Primary School is looking forward to another great year of teaching and learning and would like to advise you of Golden Square Primary School's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard curriculum requirements and we want to assure you that all contributions are voluntary. *Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.*

Within our school this support has allowed us to:

- *Provide high-quality programs and specific subject materials and equipment for English, Mathematics, Integrated Studies (includes Science and Humanities), Visual Arts, Performing Arts (includes Music, Drama and Dance), Health and Physical Education, Literature in the Library, Digital Technology, and Chinese)*
- *Maintain and develop the school grounds and buildings*
- *Provide up-to-date digital tools and infrastructure*
- *Arrange for individual student supplies and class bulk supplies which support families in our community*
- *Participation in the Dogs Connect Program*

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

We want to thank you for all your support, whether that is through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Yours faithfully,
